The Apithology of Peace

To celebrate International Apithology Day 2017 a special exhibition of the art work 'The Opposite of War' will be on display as an exclusive preview for invited guests.

This art work is the encapsulation of the answer to the question 'what would an apithological approach to world peace look like?' The work considers all humanity potentials and looks, not to the counter-balance of aggression, but to the provision of sufficiency, for all.

This event is sponsored by the Centre for Humanity Learning to coincide with the program for the 13th Year Apithology Practitioners Retreat (October 14-15).

When:	16 October 2017
Where:	emrgnc - Paddy Troy Mall Fremantle WA
Time:	5.00pm - 6.30pm
Cost:	Free to Invited Guests (Refreshments provided)
